## W. O. Mulkey, Special Judge, Says County Commissioners in Coffee Cannot Be Contested; Case Is Appealed to Supreme Court

A decision has been rendered by Hon. W. O. Mulkey, of Geneva, who was appointed as special judge to hear the contest of W. J. R. Ammons and J. H. Wooten against Joe J. Moore, which was filed in the Probate Court here, decreeing that there are no statutory grounds for a contest over the county commissioners office in this county.

It is understood that an appeal has been taken and the matter will go to the supreme court. This decision should be upheld over the contests over these offices which are now pending. It will be remembered that a contest was also filed against Mr. Moore in the Circuit Court in the Northeast District.

This however, has not yet been heard. Similar contests were also filed against Mace Kysar in the Northeast District.

In the Circuit Court, contest evidence has already been taken and it is understood that this case is now ready for submission to Judge Parks.

Below we give the decree of Mr. Mulkey in the case filed in Probate Court:

W. J. R. AMMONS AND J. H. WOOTEN, CONTESTANTS,  
VS.  
J. J. MOORE, CONTESTEE.

IN THE PROBATE COURT,  
COFFEE COUNTY, ALABAMA.  
MAJ. W. O. MULKEY, SPECIAL JUDGE.

Election filed this petition to contest the election of J. J. Moore, to the office of County Commissioner of Coffee County, declared elected at the general election, November 4th, 1924.

It appears from the statement of the contest that the candidates for commissioner interested in this cause, were voted for only by persons residing in a particular territory of Coffee County, and that the entire county. The court is referred to an Act of the Legislature of 1867, the effect of which is to divide Coffee County into four (4) commissioner districts, and which requires a commissioner from each district and to be voted for only by the electors of that particular district. Whether this local law is valid or whether it has been repealed by the adoption of subsequent Acts, is not material here, since it appears that in this particular case, election was held in accordance with its mandate.

It is insisted by the contest in view of this statute, that the probate court is without jurisdiction to hear and determine a contest of this nature. The court deems it unnecessary in the view here taken, to determine that question.

(1) Section 545 of the Code of 1923, is authority for contesting elections in this State. Without statutory authority, there can be no contest. This section does not include among those whose election may be contested any office which is filled by a vote of a subdivision of a county, except the office of Justice of Peace and Constable, expressly mentioned.

When the Legislature subdivided the County of Coffee with respect to commissioner districts and provided the election of each commissioner by a vote of that district, it had the effect of putting the office of commissioner of Coffee County outside statutory jurisdiction.

It is therefore, concluded that the probate court is without jurisdiction to hear and determine a contest of this nature. The court deems it unnecessary in the view here taken, to determine that question.

(2) Section 559 of the Code of 1923, is authority for contesting elections in this State. Without statutory authority, there can be no contest. This section does not include among those whose election may be contested any office which is filled by a vote of a subdivision of a county, except the office of Justice of Peace and Constable, expressly mentioned.

(3) Section 559 of the Code of 1923, is authority for contesting elections in this State. Without statutory authority, there can be no contest. ## EXCHANGEITES MET AT COSBY'S CAFE LAST THURSDAY.

The Exchange Club held its regular meeting on last Thursday night at Cosby's Cafe, where the members enjoyed a most delightful supper.

The attendance at this meeting was not as good as at the previous meeting, many of the members being out of town.

During the evening quite a number of Exchangeites talked on "street paving" and other needed improvements for the town. A very healthy sentiment prevails among Exchange Club members for paving, and many property owners expressed themselves as favoring the movement.

The Club as a whole expressed regrets at losing two of its members, Mr. K. K. Pulliam and Mr. J. W. Moore, both of whom are leaving for other places to live.

## ICE AND COLD STORAGE PLANT SOLD TO MR. J. W. MOORE.

A deal was closed here last week whereby Mr. Leon K. Pulliam sold his Ice and Cold Storage Plant to Mr. J. W. Moore, of Newton. The consideration in the transaction was not made public.

Mr. Moore has already taken charge of the plant and with his family has moved to Elba. Mr. and Mrs. Pulliam have returned to their former home in Pensacola, but have not yet announced what their future plans are. During their stay at Elba they have made many warm friends who regret that they have moved away, but who wish for them continued success. Elba people are glad to have Mr. Moore and his family a long while and are cordial welcome.

While the Elba Ice and Cold Storage Plant has only been in operation for a few months, it has been successful in securing the support of Elba people, who want to see it grow and prosper. Mr. Moore has announced that it is his intention to conduct the business on the same high standards set by Mr. Pulliam. We trust that the venture will prove both pleasant and profitable for Mr. Moore, the new owner.

**SUNDAY SCHOOL DAY**  
will be observed next Sunday, and we should like to see every member of the church present with their friends. This celebration comes once a year with a special program, and so important that the pastor feels that it should be fully observed.

Special music, readings, dialogues, and important information that too many of the members of the church are totally ignorant of, will be given from the rostrum.

We are specially delighted with the school attendance for the last month. We give up with regrets from all sides, both church and Sunday school, also from the community, those two lovable people and christian characters, L. K. Pulliam and wife, who have just moved to Pensacola.

We are glad to welcome into church membership and fellowship, Mr. and Mrs. Bert Higgins, Sr., and their two children, Miss Elizabeth and Guy, also Mrs. Lamar Rainer and Mrs. J. W. Moore. These all have lately come to Elba, and we welcome them as citizens as well as church members.

There will be preaching at Ham's at three o'clock next Sunday.

## 125 Farmers Attend Vetch Demonstration On Speigner Farm; Will Demonstrate Cultivators Soon; Club Work and County Fair

M. H. Pearson, District Agent for Alabama Agricultural Extension Service, for South Alabama, while speaking to a crowd of farmers last Friday afternoon at the vetch demonstration on Lee Speigner's place, stated that Coffee County had a larger number of successful vetch fields than any other county in South Alabama.

In commenting on the splendid demonstration of both the vetch field and the use of the tractor in turning under a vetch deep growth of vetch, Mr. Pearson assured the farmers of two things:

First, that there was no doubt about hairy vetch, being naturally adapted to Coffee County soils since he had seen it growing luxuriantly on a poor sandy, washed away hillside on Mr. H. Metcalf's place and also on a dozen other fields scattered over Coffee County. (It is understood that Mr. Metcalf selected this poor washed away hillside specially for demonstration purposes, and to see if it would grow on his poorest soil.)

The second fact stated by Mr. Pearson in his talk was that 125 farmers attending the vetch demonstration, he was convinced that the interest in cooperative enterprises was strong among Coffee County farmers as any county in his knowledge.

He commended the goal set by his friends to plant a car load of seed another year. Photographs were taken of the vetch field, the crowd and the Fordson tractor in operation, which pictures we hope to have in the county papers at an early date.

We were assisted in our demonstration by Dorsey Brothers, of Elba, and the Enterprise Auto Co., of Enterprise, who furnished a Fordson tractor, men to operate it, double disc plow and the regular Fordson disc harrow equipment.

**Cultivator Demonstrations**  
Coming Soon.

The County Agent and Extension Service will cooperate with all implement dealers in Coffee County during the next few weeks in staging cultivator demonstrations in various communities over the county.

Dates for these demonstrations will be given as soon as definite arrangements can be made with our local dealers.

Better machinery on the farm is a second need only to better soils, and with the splendid spirit of cooperation that has already manifested itself among the machinery and implement dealers of the county as well as on the part of the farmers themselves, we believe that the day is not far distant when a whole row of cotton, corn or peanuts will be cultivated by one trip and much labor saved by means of better machinery.

**Club Work and The County Fair.**

We have a large number of boys actively engaged in raising hogs and growing cotton according to the most improved method, and Messrs. Will Brunson and John Garrett of Elba, are of the opinion that a county fair this fall will enlist the sympathetic and active support of all our people.

These two men were heavy hitters last fall in our Poultry and Pig Show at Elba, and we believe that with leadership of this kind, together with cooperation of all our people, Coffee County will stage the best and best exhibition of agricultural products and live stock this fall of any county in Alabama. We will announce Sunday in Troy.

The Elba Sacred Harp Singing Society met at the Christian Church the fourth Sunday afternoon for the second year of the year. Both singing have been a success.

The society was called to order by the Chairman, Bethel Bryant, after which he called on Brother V. T. Grider with prayer. The committee reported a lesson by W. J. C. Davis, W. C. Clark, W. N. Farris and D. Rowe. Recited.

Chairman sang two songs and committee reported lesson by six leaders: Howard Brooks, Clifton Cook, J. I. Maddox, J. L. Bryan, J. W. Grimes. Recited.

Lesson continued by Caney Cook, E. B. Martin, Tommie Johnson, E. D. Wooten, F. G. E. Maddox. After which the chairman sang two songs. We were dismissed by Brother Bartow Maddox, to meet again on the first Sunday in June at 2:30 P. M. The time having been changed from the fourth Sunday to the first Sunday afternoon.

All lovers of good singing are invited to meet regularly on the first Sunday in each month.
